**LID OPENINGS**

The BARCELONA 3200 bin is available with different lid openings for the major waste fractions, like paper/cardboard (throw-in: 1000 x 190 mm), glass, packaging (throw-in x2: 410 x 275 mm), organic waste (throw-in: 1000 mm) and residual waste (throw-in: 1000 mm)

**SPACE FOR CUSTOMISATION**

Large space for screen printing on the body of the bin: 300 x 300 mm

**BIN IDENTIFICATION**

Barcelona provides as standard a standardised and protected housing for LF or HF transponders, offering many advantages for the container maintenance service: recording of unloading and/or washing services, associated equipment, date, time, etc.

**CONTAINER CENTRING DEVICE**

Simplifies the putting back of the bin.

**FOOT PEDAL WITH 2 POSITIONS**

To adapt to any location of the bin. Minimal effort to open the lid. Non-slip. Maximum safety and hygiene for the user.

**ERGONOMIC HANDLE**

Minimum effort to open the lid. Easy to clean.

**UNIVERSAL ACCESSIBILITY**

Identification of fractions for the blind with reliefs on the front of the body.
